Education

Bachelor of Technology (B.Tech) – Artificial Intelligence & Machine Learning

Kalaslingam University, India

2024 – Present

Technical Skills

Programming: Python, JavaScript

Web Development: HTML, CSS, React, MERN Stack

AI/ML: Artificial Intelligence, Machine Learning Fundamentals, LLM Basics

Tools: Git, GitHub, VS Code

Projects

Gym Website

A responsive fitness website built with React. Features a modern UI and smooth navigation to showcase gym services and plans.

Movie Website

A dynamic movie information website created using React. Users can browse movies, view details, and explore categories with a clean interface.

Portfolio Website

Personal portfolio website built using the MERN stack. Includes Home, About, Skills, Projects, and Contact sections with a professional layout.

Career Objective

Motivated Artificial Intelligence and Machine Learning student interested in building intelligent applications, web technologies, and practical AI-based solutions. Seeking opportunities to learn, contribute, and grow through internships and projects.
